

As part of our Sustain Our Society campaign at the First Unitarian Society of Milwaukee, we held a successful monthly series of environmental films. We asked for a donation of \$5 which covered our costs in paying for the rights to show the films and the snacks & drinks we provided.

## Third Thursday Environmental Film Series

*Good movies. Free snacks. Interesting people.*

Showcasing quality films that bring people together around a desire to build a more sustainable society

Sponsored by First Unitarian Society's Sustain Our Society Committee. [uumilwaukee.org](http://uumilwaukee.org)

Film	Source	Cost
<b>Kilowatt Ours: A Plan to Re-Energize America</b>	<a href="http://www.kilowattours.org">www.kilowattours.org</a>	\$50
In this amusing and inspiring film, the filmmaker explores the source of our electricity and the problems caused by energy production and provides many examples of how we can make a difference.		
<b>The End of Suburbia</b>	<a href="http://www.endofsuburbia.com">www.endofsuburbia.com</a>	No fee (if own DVD)
A movie that discusses the dwindling supply of cheap energy in the form of fossil fuels and its effect on society.		
<b>The 11th Hour</b>	<a href="http://www.warnerbros.com">www.warnerbros.com</a>	\$75
The 11th Hour is the last moment when change is possible. This film, created and narrated by Leonardo DiCaprio, explores how we've arrived at this moment and what we can do to change our course. Features experts from all over the world.		
<b>Wall-E</b>	Disney film	We used CVLI subscription
A computer-animated science fiction film produced by Pixar Animation Studios. It follows the story of a robot named WALL-E who is designed to clean up a waste-covered Earth far in the future. His adventure in outer space changes the destiny of both his kind and humanity.		
<b>The Power of Community: How Cuba Survived Peak Oil</b>	<a href="http://www.powerofcommunity.org">www.powerofcommunity.org</a>	Free
Cubans share how they transitioned from a highly mechanized, industrial agricultural system to one using organic methods of farming and local, urban gardens. In the face of a Peak Oil crisis, Cuba provides an example of options and hope.		
<b>Fresh</b>	<a href="http://www.freshthemovie.com">www.freshthemovie.com</a>	1-50 people - \$100, 1-100 people - \$200
A must see for everyone who eats! An upbeat and wonderfully fresh look at our food system and how we can make it work better for the health of humans and the planet. Featuring Milwaukee's own Will Allen of Growing Power.		
<b>Blue Gold: World Water Wars</b>	<a href="http://www.bluegold-worldwaterwars.com">www.bluegold-worldwaterwars.com</a>	Available free from Four Corners of the World <a href="http://fairtrademilwaukee.org/films-education/">fairtrademilwaukee.org/films-education/</a>
This winner of many national and international awards suggests that, as water enters the global marketplace and political arena, it's feasible that future wars will be fought over water as they are over oil today.		
<b>No Impact Man</b>	<a href="http://www.noimpactdoc.com">www.noimpactdoc.com</a>	Free to Congregations. Contact <a href="mailto:lindsay@noimpactproject.org">lindsay@noimpactproject.org</a> , subject line "Screening for Communities of Faith"
One person can make an impact! This film takes a seriously engaging look at one man's decision to put his money where his mouth is and go off the grid for one year—while still living in New York City—to see if it's possible to make a no net impact on the environment.		
<b>A Convenient Truth: Urban Solutions from Curitiba, Brazil</b>	<a href="http://mariavazphoto.com/curitiba_pages/curitiba_dvd.html">mariavazphoto.com/curitiba_pages/curitiba_dvd.html</a>	\$100 if <20 attendees; \$300 if between 20 & 100
Cities should be a solution—not a problem—for human beings. For 40 years, the city of Curitiba has shown how to transform problems into cost-effective solutions that can be applied in most cities around the world.		
<b>A Sense of Wonder</b>	<a href="http://www.asenseofwonderfilm.com">www.asenseofwonderfilm.com</a>	\$85 - <a href="http://www.bullfrogfilms.com">www.bullfrogfilms.com</a> Reduced rates for activists and grassroots groups.
In this documentary-style film Rachel Carson, who is struggling with cancer in the last year of her life, recounts with humor and anger the attacks by the chemical industry, government and press as she focuses her limited energy to get her message to Congress and the American people.
